

E Electronic Reporting - Updates

Updates:

(10/30/2008) Analyte Code Group updated and posted on website
http://www.vdh.virginia.gov/drinkingwater/documents/lts_analytecodegroups.csv

New file posted on website for SDWIS Standard Method Codes
http://www.vdh.virginia.gov/drinkingwater/documents/lts_methods.csv

(10/21/2008) Frequently Asked Questions (FAQs) updated and posted on website
http://www.vdh.virginia.gov/drinkingwater/documents/lts_faq.pdf

(10/1/2008) XML Schema files and examples posted on website
http://www.vdh.virginia.gov/drinkingwater/documents/lts_xml.pdf

(9/12/2008) Several files posted on website
<http://www.vdh.virginia.gov/drinkingwater/laboratories/labtostate.htm> Quick Links to include the following: 1) Microsoft PowerPoint Presentation of Laboratory Electronic Submission (presented on 9/10/2008 via webcast), 2) CSV Template and Instructions, 3) SDWIS Inventory/Monitoring Schedule (Example), and 4) Analyte Code Groups.

(8/21/2008) Letters were sent out to all Laboratories Certified by the State of Virginia, explaining upcoming changes in Electronic Reporting Methods. A PDF copy of the letter can be found on the "Quick Links" toolbar at the top of the web page at <http://www.vdh.virginia.gov/DrinkingWater/laboratories/labtostate.htm>. All laboratories currently reporting sample results electronically must modify their methods to use the new .CSV template and Lab to State web portal, available through this web site. Web training will be made available to help ease the transition to the new reporting system; please see information on the ODW website at <http://www.vdh.virginia.gov/DrinkingWater/laboratories>
